Write a 1st Rough Draft of your speech with just regular sentences: Do NOT try to use any RHETORICAL DEVICES yet, just get your thoughts down. (Follow the “Structure of the Speech” on the assignment paper. Don’t worry how many sentences it is for now. Use another piece of lined paper if you need more room.)

Now add your Rhetorical Devices. Use circled letters to show where each device will be added to your speech. (They are NOT listed in the order here, but the circled letters will show where each goes later.)
